COMMENTS FROM THE TOWN MANAGER'S OFFICE

The Town Office will be closed Monday, April 21, in observance of Patriot's Day.

Monday night at their regular meeting, the Selectmen appointed Michael O'Donnell to fill the vacancy on the Board of Directors of M.S.A.D. #44. The term will expire at the next annual town meeting. There were a total of seven people expressing an interest in the position.

Also present were representatives of a group interested primarily in shooting old rifles who would like a target range on the town farm property. They are going to inspect the area and come back with a proposal.

We still have had no official confirmation on either the Shoreland Zoning Ordinance or Flood Plain Insurance. Several have contacted the office seeking information but we are unable to supply any more than we had at town meeting.

Any veterans 62 years of age may request an application for tax exemption. This should have been done prior to April 1, but anyone that age may still apply for consideration. The age factor has no bearing on disability.

— Mrs. Colista Morgan, Corres. —

I stood by my bedroom window this morning looking west over the flatness of the pond covered with snow saying, "Perhaps this is the last snow." It was clean and white, not really white either, I thought. It seemed more blue than white with pencil markings of bare trees and bushes in the distance, then a smudge of black, the evergreens, against the mountains where a lightness showed. Could it be the sun this early? It was! How much earlier it appears. Looking from the kitchen window, delicate pink and golden clouds, flecked the eastern sky, like shimmering moths. Our front yard lay in a shadow cast by Noyes Mountain.

We like the early hours to be up. That is when the world, too, awakes and gets on with its business. Our squirrels and birds arrive soon after six and we enjoy their antics as we eat our breakfast.

On this same morning, at eight, I was walking the old road to the farm fields. It was my first visit beyond the pasture since last fall.

The whole valley was bright and new and shiny. Even though it was fully covered with snow I thought, it can't be long now before spring's face will show in full and stay.

The sky was bright and new and the air, clean and fresh, was exhilarating. All about curved masses of trees on the hills. My regard for this beautifully wrinkled landscape only grows with each visit.

I travelled to the upper part of the hill then across to the brook. I sat here for a time feeling the vivid sensation of blue. I seemed to be surrounded by it; the blue of the sky sifting down through the branches, the blue of the pool at my feet and the blue of several jays watching me intently; their features puffed out making them appear twice their ordinary size.

The brook was gurgling and hurrying on its way down the hill sometimes spreading out in channels as it went to the pond.

It was then, just beyond, at the edge of the woods that I saw him, the little fox. Except for the brook there was utter stillness. He came toward me lippy-lip, looking neither right or left; probably as absorbed in thought as I had been. When about 20 feet away, he looked up, one paw delicately bent as he lifted it. He stared for a moment, then wheeled about and ran across the snow, into the woods. My eyes followed the deep burn-orange flash, so vivid and alive until it disappeared from view.

I moved on to where he had been then into another field viewing the tall pine, the David Pine, I call it for when he was a little lad we spent many hours there picnicking or playing. Years fly for now he is a college student.

Recalling that I had an appointment at the hospital at the end of another hour, I turned homeward. I came to an old maple, the same over which I exclaimed not so long ago, "Why, look at that tree, fall is here; the whole hill side will soon be ablaze!" How much has happened since then.

As I took a last look over the

valley, the morning sun washing the fields, I was reminded of a Christmas card, the houses neatly wrapped in different colors, as they nestled among the snow clad hills. Another moment passed then hush lay on the fields, the frozen pond, and the trees as I entered the old road again for those last few minutes before I reached home.

Bub Kimball was a visitor here Friday.

Mr. and Mrs. George McCann, Windham, were up to see Zip and Muriel, Sunday.

Cad Kimball was a recent caller at Alden Wilson's.

Mr. and Mrs. Dennis Wilson, Doug, Mindy and Davey, returned home early Monday morning from a sixteen day trip to Florida. They toured Marine Land, Kennedy Space Center, and Disney World among other places, and also visited Jimmy and Christine Kimball in Chuluota, Coming home through Nashville, Tenn., they went to the Grand Ole Opry and the Country Music Hall of Fame.

Both Muriel and I have tomatoes growing on our plants.

I hope that everyone of you will have some sort of vegetable patch this summer. A garden is a good investment for us all including those on a limited income. A couple of meals from any vegetable I can think of, except potatoes and onions, should give you back your seed money. Anything above that is profit and darned good groceries.

30 Seconds WITH THE NAZARENE

Rev. Barbara Huse, Pastor
Bethel Church of the Nazarene

They tell us today that there is a communication gap. Sometimes we find that hard to believe. Everywhere we go there are people talking—and not always just the ladies. Young folks like to talk, children, senior citizens. It is ever so lonely where there is no person to talk with so people even talk to themselves. Usually the first words that a child says is "Mum-Mum" or "Da-Da" and only mother or dad can interpret that. We ought to thank God for the privilege of conversation. Our young folks tell us, "Tell it like it is." We ought to do this. You know the little teakettle on the stove lets off steam. So we need to talk to our families, our friends, let them know how we feel. Once in awhile say, "I love you, I appreciate you, I need you, thank you for just being Y-O-U!"

The shock may be great at first but they will survive and so will you. All right now, here comes the pitch! "How long has it been since you talked to the Lord in Prayer? How long has it been since you let Him talk to you through his word? We all fall on our faces here! He is our Father and He cares about us. He forgives our sins, cleanses our hearts, comforts us. It is often true, "A little talk with Jesus makes it right."

"...Men ought always to pray and not to faint." Luke 18:1.

Rev. Ronald McKinstry
United Methodist Church

"The church is the Kingdom of God," says Rev. Ronald McKinstry. I go to church because I feel the presence of God there. Going to church is like stepping into a little bit of Heaven. When people have trouble the first place they go is to church. It's the best sign. The church is a hospital for sinners and sick souls. God can help them, if they let God free."

Rev. McKinstry has had a lifetime of experience in the church and with helping people.

Raised in Barre, Mass., he rose early in his Christian leadership of people as the president of the Jr. M. Y. F., and continued as counselor of that group. He was a member of the Conference Commission on Town and Country Ministry in 1966-67 and also Convocation Chairman of the New England Conference. Rev. McKinstry trained as a draft counselor in 1971 and during the following year he organized an agency for draft counseling in Sioux City, Iowa.

He gained experience in youth ministry at Packabogue Community Church, U. C. C., Auburn, Mass., and at the Oxford United Methodist Church in Oxford, Mass.

In 1974 Rev. McKinstry trained to run an employment service. This he combined with military counseling and proceeded as the director of the "To Heal a Nation" program sponsored by the Mass. Conference of the United Church of Christ. This program assisted people with their individual problems concerning the war in Vietnam. Rev. McKinstry also wrote a paper on the "Anthropology of Paul" and presented it to the Society of Biblical Literature and the American Oriental Society in 1969.

In December of 1974, Rev. McKinstry arrived as student minister to the United Methodist Church of Bethel. He regards the congregation as a field in which to work, and says, "Rev. Yates raked the congregation and groomed it well. They are ready to start working together. There have been turbulent times here. The people are receptive and eager, resilient and strong. Nobody's perfect in my church, especially the preacher!"

In the short time he has been here, Rev. McKinstry has made long strides in assisting the congregation to grow. Not only in number but in interests and direction. There is now a good sized choir, the M. Y. F. is advancing, a Jr. choir is starting up, there is a monthly newsletter being plan-

PREPARED CHILDBIRTH CLASSES BEGIN APRIL 23

The last series this spring of Prepared Childbirth classes will begin on April 23. Expectant parents in their last three months of pregnancy who wish to avail themselves of the tools for an easier and more rewarding childbirth are invited to attend the 5-week series at the Rumford Community Hospital Cafeteria from 7 to 9 p. m. Although best in the last trimester, any pregnant woman may attend.

Instructors of the course, which is based on the Lamaze method, strive to provide an understanding of labor and delivery and to help husbands and wives gain an attitude of positive anticipation of the birth of their child. Couples are taught to work as an active team during labor and delivery, each partner an important part of the birth process.

During the five weeks of classes on April 23, 30, May 7, 14 and 21, there will be constant practice of exercises in body building and control and relaxation of muscle groups along with specific breathing patterns designed to overcome the discomfort of labor and delivery. A film will be shown, Dr. Makin will speak, and the course will culminate with the acting out of a trial labor.

Those women planning to attend either with or without their husbands should wear comfortable clothes and bring with them two pillows and a blanket.

For those who will miss this series, the next course will begin in the fall. Further information may be obtained from Louise Stickney 364-4241.

Letters to the Editor

To all concerned employees, students, faculty, and board members of M. S. A. D. #44:

Wednesday p. m. we enjoyed a talk by the Superintendent of Schools, Basil E. Kinney. It was a quiet appeal for cooperation "and mutual respect."

A door had been opened and we were found all milling in the hallway. Each telling our story to those who agreed with us or attempting to convince those who thought otherwise. All of us interested in our point of view for our own reasons.

Now the door is open, we are invited in to be seated and as responsible persons begin to concentrate not individual problems but the problem as a whole with all its ramifications. We have to now begin to use our adult logic not our child like emotional responses. And we must start with areas of agreement, not dissension, problems, not personalities.

We must recognize that our problems do not arise from any one quarter nor are they attributable to any one person or faction. We should stop looking for excuses, attempting to locate a scapegoat, or place the blame in any one area.

We've come a long way. We've gathered outside the door in a concerned chattering group. Please come in, be seated, we now must begin to go forward in unison.

P. C. D.

I am writing in reference to a Letter to the Editor from "An Interested Parent", found in your March 27 issue.

I respect the Parent's interest, but I must question his (or her) concern for his child's total learning experience.

I feel that I have seen many sides of the story, being an alumnus of Bethel's school systems and am now a teacher, and administrator involved in an alternative method of education. Based on my personal experience, I would like to express a few beliefs and would like to ask "The Interested Parent", or anyone who wishes to answer, a few questions:

1) Were you really anxious to receive your report card? Did you then, or do you now, feel that the numbers or letters you found on it a true representation of your efforts in a learning environment (which, to me, does not exclude feelings)?

2) Do you realize the responsibility a teacher assumes when educating a child? If he (or she) spends time grading papers and averaging for each student, he does not have time to do any real personally and achievement evaluations for your child or the time to really decide and plan what your child needs and how he can fulfill that need.

3) How much time are you willing to give to help teachers evaluate your child's progress in his or her learning process? If your answer is "That's his job" my answer will be "Well, let him do it then" or "Do you really think \$

Magalloway & WILSON'S MILLS

Mrs. Bertha West, Corres.

The community was saddened to hear of the sudden death of Percy Hart, aged 63, Monday night at his home in Errol. He leaves to mourn his loss, his wife, Madeline, three sisters and a brother.

He was a man that was well liked by every one and will be greatly missed. He had been a member of Azisecos Grange No. 402 for 48 years and a scaler for Brown Company for a number of years.

Sunday afternoon guests of the Donald Glovers were Mr. and Mrs. Lake of Wentworth Location.

Mrs. Brian Mitchell and son, Chad of Rumford spent the most of last week with her parents.

Mr. and Mrs. Philip Hinkley. She returned to her home Sunday.

It is reported that Tom Hardy is not feeling very well.

A lot of men on the river are out of work until the mud dries up this spring.

Grange meeting was held Saturday evening at the Hall with a good crowd in attendance. They had a special program put on by Mrs. Lake. Dr. and Mrs. Robert Eaderson and three children were there. Mr. and Mrs. Eaderson and daughter, Darcey, took part in the program as well as some of the Magalloway and Wilson's Mills school children.

Mrs. Barbara Eaderson and children are taking her father and mother, Mr. and Mrs. Harold McGinley to Baltimore, Md., to visit with their daughter Jane and family next week.

There was a School Committee meeting at the Wilson's Mills School House Monday night, with the Superintendent from Rangeley, attending.

Mr. and Mrs. Glen White spent Sunday in Madrid.

On the Job With Emily

Week of April 7-11

During the past week, the Maine House of Representatives took the first step towards correcting defects in the school financing law by passing LD 1452, formerly known as LD 562. The measure would relieve the burden on several of the high valuation coastal communities, allow towns to use local leeway portion of property

taxation without having to "pay-in", tighten up the law to preclude future error in estimated projected revenues, and place a 20% restriction on the per year increase on uniform property taxes. The Bethel Democrats' Second Sunday program held April 13, provided local residents with an insight into effects of the new law, which has been sent to the Senate, and may reach the Governor by the end of the week. S. A. D. 44 Superintendent Basil Kinney presented relevant data on the local district, and was able to question Representatives Neil Rolde and Arthur Lynch, who were well-versed in the ramifications of both the old and new laws Richard Mesereau of the MTA, and John K. Brown of the S. A. D. 44 Board of School Directors rounded out the panel.

The Committee on Human Resources, of which Emily is a member, is still at work on the child abuse law. An example of the amount of detail to be considered is shown by a question which was raised last week. The word "suspect" had been used in connection with the reporting of incidents of abuse. Someone noted that in the dictionary "suspect" is defined as "imagine", and that "believe" would be a better choice. However, others on the Committee feel that the child would be better protected, in that incidents would be reported earlier, if "suspect" were used. The Committee is very anxious to arrive at a unanimous report on the bill, thus the need for such lengthy investigations.

The bill to name a State insect is still alive. The issue was originally raised by a group of fourth graders, who came to the hearing held last week, and in a very impressive manner, presented testimony.

The "Maine Times" will devote an issue in May, to women in Maine, and Phyllis Austin interviewed Emily and other women legislators for this publication on April 11. The purpose of the interview was to gather information on the political influence of women in Maine today. The "Times" did an issue on women four years ago and will presumably be making some comparisons.

On April 11, a group from Rumford met with the Oxford County delegation, and people from various State Agencies, to talk about the proposed home for the retarded to be built in Rumford. This would provide a sheltered environment for retarded adults, allowing them to remain in their home areas with adequate care. Money and support have been raised locally, and the group is now looking for state and federal aid.

Questionnaires from last week's "Citizen" are being returned to Rep. Saunders in Bethel. Please make the effort to clip the questionnaire and fill it out. Anyone with suggestions for topics for "Second Sunday" programs should send them along as well.

TIMBERLAKE ORGANIZING UMO SECOND CENTURY FUND DRIVE IN AREA

Samuel H. Timberlake of Bethel recently launched a Bethel area campaign for the Second Century Fund, a \$3.5 million capital funds drive at the University of Maine at Orono to build a Multi-Purpose Arena and Performing Arts Center. The Bethel area campaign is one of four which will cover the entire Oxford County.

Mr. Timberlake is a 1950 forestry graduate of the University of Maine at Orono and is the Oxford County chairman of the capital drive. He has done graduate work at the University in Portland, and his wife, Natalie, is a 1970 graduate in education and will receive her master's degree in special education this June. They have one son, Ross. A selectman in Bethel, Mr. Timberlake has been very active in the community for years.

At a meeting on April 2, he met with five Bethel alumni for a kick-off presentation which was given by Thomas D. Harper and Margaret R. Zubik of the Development office at UMO.

"These alumni will be personally contacting UMO alumni in Bethel and surrounding towns in the next few weeks," said Sam. "Personally, I feel the project is very worthwhile, both as an alumnus and as a Maine resident. I look forward to strong support from the Bethel area."

At the meeting were Charles W. Newell, H. Paul McGuire, Mr. and Mrs. Henry Dombkowski, all of Bethel and Craig Boyd of West Bethel. Also involved in the campaign will be Ann H. Morton of Hanover and Joyce C. Morgan of Andover.

The Assessors have completed the valuation work, and are waiting for the County Tax Bill and School District Budget before setting the tax rate and computing the taxes. An overall increase in valuation of 50% was made to bring the local valuation more in line with the State Valuation. This will not affect the amount of the individual tax, as it will result in a lower tax rate. However, because of higher appropriations at the Annual Town Meeting, an anticipated increase in the County Tax, and possibly in the M.S.A.D. #44 budget, there will be a substantial increase in taxes over 1974. Maynard C. Dolloff, Commissioner, State Department of Agriculture, has appointed Harlan D. Robinson as Sealer of Weights and Measures. The Selectmen have appointed Ralph Merrill, Bethel, as Local Plumbing Inspector.

Mrs. Lynda Lee Haegle and children are visiting relatives in Philadelphia, Pa., this week.

Guests of Mr. and Mrs. Leroy Learned last week and over the week end were Mr. and Mrs. Elly Turner and family, Peru, Mr. and Mrs. Timothy Canwell and sons, Gorham, Millie Swan, South Paris, and Sam Sweetser, Norway.

Debbie Learned and Rusty, and Miss Diane Hunt, Bethel, are spending two weeks at the home of Mr. and Mrs. Leroy Learned.

Dr. and Mrs. William Carey, Framingham, Mass., and Mr. and Mrs. Robert Pelletier, Windham, visited Mrs. Mary Tripp during the week end.

Co-Op Corner

— Pam Coolidge

Debbie Westleigh, a junior at Telstar, has been employed since January at Ledgeview Nursing Home, West Paris, as a nurse-aide in the Co-Op Program. Debbie works two shifts and has a variety of tasks to perform. They include helping patients get ready for bed, taking them on walks, feeding and bathing the patients, taking temperature, pulse, respiration, and blood pressure, testing urine, changing dressing on infections and entertaining the patients by reading or talking with them. Debbie relates the most challenging aspect of her job is getting used to the patients moods and making the patients comfortable, wanted and needed. She enjoys working with the patients and for her supervisor, Mrs. Elaine Wilday, Director of Nursing.

Working as a nurse-aide at Ledgeview will be very beneficial to Debbie as she has decided to pursue a career as a R. N. She relates Co-Op has given her a chance to see what nursing is about and to find out if she really wants to pursue nursing.

Debbie is a member of the school softball and basketball team, and is also a member of the GAA (Girls Athletic Association). When not involved in school or school activities, Debbie enjoys

horseback riding, swimming, playing softball, walking in the woods, cooking, sewing, and taking trips to the coast.

Debbie is the daughter of George Westleigh, Jr., West Bethel, and Mrs. Carol Verrill, Wiscasset, and is currently living with her grandparents, Mr. and Mrs. Phillip DesRoches, East Bethel.

Locke Mills**Mrs. John Mills, Corres.**

Mr. and Mrs. Russell Parker (Cathy Merrill) are receiving congratulations on the birth of an 8 lb., 11 oz. son on April 4 at the Stephens Memorial Hospital. He has been named Tobias Odell.

The Fire department has a supply of window stickers used to mark children's or invalid's bedrooms. In case of fire these rooms are checked first by firemen and may save a life. They are free for the asking.

Recent callers at the home of Mr. and Mrs. Lester Cole were Mr. and Mrs. Gerald Robinson of Greenville, who called on Friday; Mrs. Lydia Whitman, Miss Lulu Swan, Harlan Whitman and grandson of North Norway on Sunday.

Mr. and Mrs. Wilfred Noyes and Celand of Wilton, who were Sunday supper guests of Elwin Cole of West Paris, who also called Sunday.

Remember the Boy Scouts will be going to their camp grounds the 18, 19 and 20th for their delayed winter campout.

The schools will be closed next week in the SAD 44 District for spring vacation.

Mr. and Mrs. Marshall Kimball of North Paris and relatives from New Hampshire were visitors at Mr. and Mrs. Burton Cole's Sunday afternoon.

The Church of the Nazarene will be taking the young people, 12 years old and younger, bowling, the Wednesday afternoon during vacation. The time will be 1 o'clock at the church. If you need transportation to the church call Lorraine Mills. The transportation to the alleys in Rumford will be furnished. Everyone is welcome but if you are not regularly attending the Church of the Nazarene, it would help if you could let Mrs. Mills know so to be sure of adequate transportation. The teens will be going some evening. If interested call after Sunday for day and time.

Reminder: The Greenwood Scholarship applications for residents of the town of Greenwood desiring to further their education beyond the 12th grade are now available from the school directors of the town. Applications must be filed by May 1.

Sunday River**Mrs. R. M. Fleet, Corres.**

Mr. and Mrs. Stanley Fox and Vance Fox, Mr. and Mrs. Charles Farrar and Paul, Mr. and Mrs. David York and Kimberly, all of Bethel; Mr. and Mrs. Merton Fox of Andover, Mr. and Mrs. Jim Young of Songo Pond, Mrs. Jim Tate and Elayna of West Bethel, were all guests Sunday afternoon of Mr. and Mrs. Larry Fox to celebrate Larry's birthday.

Selma Chapman was a Sunday caller of Julia Fleet.

Russell Yates called his mother Saturday evening. He can walk around some and seems to be gaining well.

Two robins were seen by the school children waiting for the bus.

A grackle was with the cowbirds, purple finch, sparrows and English Starlings at the feeders. Sunday school was not so well attended as some of the children were sick. Hope all will be well by April 27.

Bethel Head Start

It might be safe to say Spring has sprung, but to be safe let's knock on wood.

On Monday, Sharon, along with help from Robin Fiske and Louise Robiller was in charge of the class. Judy, Sandra, and Louise along with Phyllis Dock were in Augusta for workshops.

On Tuesday the children all did profiles of themselves. These were done by laying down on large pieces of paper and the outline of their bodies were traced. The children filled in the rest. Also, on Tuesday Louise made her final trip to Dr. Rice's. Xandy Morton was the last to finish her fillings. We are all looking forward to another year with Dr. Rice.

On Wednesday nine of our children went to Bonema Pottery for a lesson in this particular handicraft from Melody Bonema. The children were treated as regular students. They each made some beads which will be fired by the Bonemas, and returned when ready. The remaining nine children will be going after vacation. Also on Wednesday, Mike Leon, Daryl Currier, Sheri Sprague, and Val and Xandy Morton visited Locke Mills school where they will be attending kindergarten next year.

By far the biggest thrill of the week will be the circus on Friday. More about that next week!

Gilead

— Mrs. Clifford O. Cole, Cor. —

On Monday, Mr. and Mrs. Clifford Cole had a house guest for about three hours. Snoopy, Kathy Tyler's cat, went hunting and caught a chipmunk. Mary Tyler made an attempt to rescue the chipmunk. The chipmunk ran into the house when the cat let go of him. After it became quiet he came out of hiding and ran to the shed door to go out. For about 15 minutes everybody chased the chipmunk until he was caught in a blanket. The chipmunk was ushered outdoors blanket and all. Now he is safe and sound in his den under the barn.

Seems good to see the sun shining and the snow slowly melting after so many cloudy days.

A flock of robins arrived in Gilead early this morning.

CUB SCOUT NEWS

Pack 566 of the Bethel Cub Scouts will hold its annual father-son cake bake contest and auction in conjunction with the regular Pack meeting on Tuesday, April 29, 1975, at 7 p. m. at the Bethel Savings Bank. All Cubs, their parents, friends and other individuals interested in purchasing a fantastic cake are invited to attend. This is the major fund raising event of the year and anyone may bid on the cakes.

A prize will be awarded for first place in each of the following categories: 1. Most original; 2. Tallest; 3. Funniest; 4. Prettiest.

The overall theme of the cakes should be the U. S. A. Bicentennial. The rules for baking the cakes are as follows: Each Cub and his father, guardian or older brother must make the cake. Only the Cub is allowed to decorate the cake and must do so by himself. No artificial or pre-purchased decorations are permitted. The entire cake must be edible.

After the judging of the cakes each and every cake will be auctioned off to the highest bidder. Each Cub and his father will auction off the cake that they baked. Cub Scouts may enter more than one cake in the contest.

It would be a good idea to save this article so that you can refer to the rules when making your cake. Don't forget to invite your friends and relatives to take part in this spectacular event.
